

INTRODUCTION:

Ap trivia is a reasoning championship organised across numerous schools of Chhattisgarh. It is spearheaded by the students of IEEE SB, NIT Raipur. It aims to recognise and reward young dexterous minds of the state of Chhattisgarh. This is accomplished by putting young, inquisitive and enthusiastic minds through a carefully designed and developed examination which is meant to put their brains to work.

During the examination, the participants come across a series of questions testing their brainpower and temperament. We look forward to give the exuberant kids a wholesome and pleasingly brain-teasing experience.

It's an opportunity for young minds to not only delve deep into their own intelligence quotient but to also put their name out there by outperforming their fellow participants. It shall act as a source of recognition and motivation, along with some bragging rights!

As we say, it's an onset of possibilities for the ones willing to grab it!

We aim on building a fun experience while unravelling the abilities and strengths of young minds.

PARTICIPATION DETAILS:

APTRIVIA is an offline examination to be conducted in two group

1. Grade 7 & 8
2. Grade 9 & 10

Participation maybe in team of two or one. Both participants must belong from the same school. Teams of one get no advantage over team of two whatsoever. Both participants of the team must belong to same category.

NOTE: A student of grade 7 and another student of grade 8 may also participate as a single team in the first category as long as they belong to the same school.

1. Registration must be done in offline mode through student's respective schools only. No registration shall be taken directly by the conducting authority.
2. Price of participation shall be ₹150/- per team irrespective of the number of members in the team.
3. The maximum time of examination shall be 90 minutes. Teams may also be allowed to submit before stipulated time.

In case of tie, the following steps in order would be the basis of giving a higher rank.

1. Team of 1 preferred over a Team of 2.
2. Team taking less time would be ranked higher.
3. Team with less negatives scored will be ranked higher.
4. Team with less average age would be ranked higher.
5. If still tie is unresolved then they would be given same rank with deletion of the next subsequent rank.
